

Proposed Official Plan For Stirling Presented At Public Meeting

A public meeting to present and discuss the Draft Official Plan and Draft Zoning By-Law for the Village of Stirling, was held Monday night of last week in the Community Hall by the Stirling Planning Board and Village Council. Mr. G. U. Cressman, representing Phillips Planning and Engineering Ltd., Consulting Engineers and Town Planners, presented the Plan. The meeting was fairly well attended.

The Official Plan is based on the results of studies undertaken as an integral part of the preparation of this Plan, on special studies and reports commissioned by the Village, and on existing studies carried out by adjacent municipalities and regional organizations.

R. K. West, Chairman of the Stirling Planning Board, chaired the meeting.

Reeve D. W. Rodgers gave an outline of the background of events leading up to the formation of the planning board. He asked the question: why was it needed? Answering the question he stated that up to the present time there were no methods of control, considerable amount of pressure from outside boundaries, and to enhance the growth of all the segments of the community the conclusion Reeve Rodgers said that Stirling is a very attractive community and in the position to attract considerable amount of growth. In order to progress planning is a must.

Chairman West pointed out to the citizens present that this was only a draft plan and not the Official Plan, which will have to be passed by Stirling Council before coming in effect.

Mr. Cressman from the Planning Consultants, outlined in detail the proposed Official Plan and Zoning By-Law.

A question and answer period was held when several citizens asked questions concerning the effect of the plan on their particular properties.

Reeve Jack Bush, of Sidney Township was present and outlined in detail the workings of the Committee of Adjustment, which was of interest to all present.

Members of the Stirling Planning Board are — R. K. West, Chairman; H. E. Cooke, Vice-Chairman; H. E. Baker, Secretary; James Wright, Reeve D. W. Rodgers and Councillors Maurice Faulkner and Robert Anderson.

THE OLD TIMERS

Two of our Senior Citizens had a lot of fun growing older last Thursday. Mame Morton and Iva Ayrhart were the happy ones as they were both celebrating birthdays. (age admitted) Iva was presented with a birthday cake all lit up by her daughter Jeanette Vardy and a nice fellow by the name of Allen Skinner from Belleville presented Mame with a sparkler. Looks like he's trying to worm into the Morton family. (Not Mame) but keep your eye on Jean. May be good reading soon.

Jean Potter and Keitha Morton, assisted by other relatives were responsible for all the other good eats. I don't know who did what but in the picture were Olive Whitehead, Edna Sharpe, Mabel Armstrong and her daughter Betty Donnan and Jean's assistant Hazel Gostyn who while passing the nice things to eat, looked good enough to eat also. Iva and Mame each thanked those who were so kind to them. We whooped it up twice on the birthday songs.

Found Some one lost a hat size 7. (male) It will be in the club room on Thursday. No identification needed and no charge for this notice.

Well the bus for Upper Canada Village on June 18th is full up.

They say that an Old Timer is one who can remember when water was clean and Sex was dirty.

Elaine Sweep Two Games

(by Mike Finnigan)

Win Over Foxboro

Elaines playing their second game of the schedule, came up with a real close 5-4 win over Foxboro. They spotted Foxboro a 3-0 lead, only to come back and jump into a 5-4 lead.

Faulkner provided a key hit as he delivered a timely hit to tie the game at 4-4 in the sixth. Glen Spencer followed with a single to drive in Faulkner with the fifth run and that was all they needed.

Ted Dobson continued his torrid hitting as he lashed out two hits, as did Glen Spencer with singles going to Greg Dafee, Faulkner and a double to Rick Shorey.

Foxoro 3 0 1 0 0 0-4

Elaines 1 0 2 0 2 0-6

Winning battery Cooke and Dafee.

R. Cooke struck out six batters. Losing battery — French and Dafee.

Won 6-0 Over Plainfield

Glen Ross Elaines continued their early pace and squelched Plainfield by a 6-0 score Saturday night. Gord Spencer hurried his second complete game of the season by firing a two hit shutout. The only real blow deal from Spencer was a triple by Smith in the first inning, who tried to stretch his luck and went for a home run. He was thrown out on a good relay from Cooke in centre field to B. Pyear the short stop, who fired to Dafee at the plate, nailing the runner easily.

Elaines used the extra base hit as its key weapon in victory. Barry Pyear and Rick Shorey clouted home run shots. Rounding out the hitting was Dobson who had two hits, along with Glen Spencer, followed by a single for Faulkner, a three bagger for Shorey.

Glen Ross again used their terror on base paths, B. Pyear, who stole two bases.

Spring-A-Rama Held By Pupils of Senior Public School Well Received

The Spring-A-Rama, featuring the pupils of Stirling Senior Public School, was a decided success. The concert was held in the local theatre and performed to a capacity audience. Wm. McArton, a promising young musician, provided music for the fashion show, also while the crowd was assembling and during the intermissions.

The band, led by Maurice Bell, was seated on the platform when the curtains were drawn. They were arranged in sections as follows: Lida Tuinman, flute; Clarinet — Robbie Hatton, Chris Myers, Judy Meeks, Paul Munro, Tammy Lawrence, Pauline Maxwell, Donna Elliott, Linda Rainnie; Trumpet — Robin Linn, Marilyn Morton, Sandra Alderson, Louise Williams, Sharilyn Farrell, Margaret Ann Kerby, Doug Couch, Mary Ellen Thompson, Tim Whiteman, David Graft, Barbara Clarke, Bruce Weatherell; French Horn — Marie Kerby, Debbie Montgomery, Mary Alice Bissell, Denise Aude, Denise Morgan; Trombone — Beverly Bush, Janice Morton, Lee Ann Stapley, Kathy Sharpe, Jim Forestell; John Bush; Baritone — Larry Forestell, Wendy Hearn; Bass — Philip LaChapelle; Drums — Arthur Tuinman, Eddie Thompson, Robert Jones, Doug Bastedo, Stan Myers, Kenneth Sharp, Karen Meeks.

The President of this year's Student Council, David Jeffs, welcomed the large assembly and acted as master of ceremonies for the evening. The band programme followed the singing of O Canada. This consisted of marches, Scout Parade, Join the Parade and Air Express; two waltzes, Uldene and Waltz Legato; a folk song — Aura Lee; and three other numbers — Ten Little Indians, Streets of Laredo and Three Blind Weasels in the Dell. Each rendition was of high calibre. The Stirling audience showed by their enthusiastic applause that they appreciate this fine band and the efforts of Mr. Bell in providing such excellent training.

For the Fashion Show, Miss Wilkes had arranged a garden scene. Connie Roeper and Janet Munro, seated under a beach umbrella, described the clothes modelled by the girls of her grade seven and eight home economics class. Each girl had made the creation which she wore and each attractive garment was greeted with "ohs" and "ahs" from the audience. Miss Wilkes and the girls are to be congratulated on their fine work.

A one-act play, entitled "THAT" Wilbur had been directed by Mrs. G. Morton and Mrs. S. Green. It showed a scene in the living room of Mr. and Mrs. John Maxwell. The cast — Wilbur, THAT little brother, Ken Jackett; Betty Lou, his sister and hostess of the party, Karen Lawes; Connie, the eldest daughter, Lynne Hoover; Mrs. Maxwell, Susan Bush; Mr. Maxwell, David Keating; Guests at party, Bernadine, Kathy White; Mary, Maureen Williams; Judy, Lilianne Dutrisac; Jack, Colin Matthews; Bob, Terry Bush; Frank, Alan Dracup; Cliff, John Bissell.

Betty Lou Maxwell was having her first teen-party and had not asked Wilbur, who had just turned thirteen because she was sure he would spoil her party. But the girls asked him to help them so much that he felt very resentful and disgruntled. When he absent-mindedly poured his father's sleeping medicine into the party punch and took the carbonated water up to his father, Betty finds her guests all asleep and the entire family on the verge of social disaster. Wilbur saved the day when he devised a plan to awaken everyone. Each character played his part well and each deserves the praise he is receiving.

Stirling and district can well be proud of this fine performance and we hope it will be an annual affair.

The first game on Saturday was a 1-0 win in nine innings. The second game was a 6-5 score in seven innings Sunday's first game was a 2-1 affair in extra innings. In the final exhibition contest the score was 8 to 6.

These were all well played games with both teams making some fine plays. The weather was excellent and the club executive would like to thank the spectators for their support and also the parents for their help.

Mount Pleasant

(Mrs. Percy MacMullen)

Mrs. Herbert Smith and Mrs. Roger Smith were guests of Mrs. James Boughon, Stirling, on Saturday, May 23rd, when she entertained several friends to a trousseau tea in honour of her daughter, Wendy.

Mrs. Sid Williams spent Sunday with Mrs. Howard Davis, Trenton, and enjoyed the Flower Festival in Prince Edward.

The UCW catered for the Scott Auction Sale on Saturday, May 30th. The arrangements were under the direction of the May group.

The UCW President, Mrs. Garth Joslin; Mrs. Milford Wrightman, Mrs. James Hoard and Mrs. Irvine Potts, were in charge of the Tuck Shop at Hastings Manor, Belleville, on May 27th.

The Messenger Group convened Sunday morning, May 24th at the Church Hall. Jill McAdam presided and Kathy Sharpe was secretary. Donnie Hubel read the Bible lesson. John Knapton read a selection. Mrs. Stanley Williams provided record music of hymns, which all sang. Mrs. Raymond McConnell outlined the junior study book. A guest, Mrs. Garth Joslin, synopsized the senior book and Donnie Hubel voiced appreciation for her effort.

Bride-To-Be

Honoured

Monday evening, May 25th, Mrs. Frank Spencer and daughter Janet,

entertained fifty ladies of the former Allan School Section and a few relatives and friends at their home in honour of Miss Janet Scott, a June bride-to-be. The hostesses provided corsages for the guest of honour, for her mother, Mrs. Clarence Scott and for the groom's mother, Mrs. Meche-tuck, of Campbellford. The co-host-esses were Mrs. Raymond McConnell and Mrs. Garth Joslin.

Contests were conducted by Miss Brenda Williams and Miss Joyce Jeffs and a reading by Mrs. Milford Wrightman; piano duet, by Misses Brenda Campbell and Lorraine Jeffs. Janet Spencer presented the guest of honour with a large array of miscellaneous gifts, which were opened and passed around for viewing.

The recipient voiced appreciative thanks, after which the hostesses served delicious refreshments.

Bus Trip

To Ottawa

Monday, May 25th, Stirling Horti-cultural Society arranged a chartered bus trip to Ottawa, under the direction of Mrs. Carman Nix. Forty-one people enjoyed the tour despite the rain.

Those from here who made the trip were Mrs. Percy MacMullen, Mrs. Arthur Couch, Mrs. Mac Sharp, Mrs. Harry Thompson and Mrs. George Vanderkooy.

The driver, Mr. Franklin Smith, of Marmora, gave a commentary of many places of interest along the way in Ottawa.

Millions of tulips of all colours looked like rosebuds, owing to the weather. The group were taken on a tour of Rockcliffe Park, the Experimental Farm, a trip through Hull, Quebec and the Gatineau Valley, a scenic drive through the city and along the Rideau Canal. They were shown many places of interest and there were large arrays of flowering shrubs and trees along the route.

At noon the people enjoyed their own lunch in the cafeteria of the National Museum of Science and Technology. The group then enjoyed a tour of this building which has a locomotive pavilion, automobiles and carriages, wagons, agricultural implements, fire engines, depicting what was new years ago. The Physics Hall and Astrology Room were of interest to many folk.

The next visit was to the Parliament Buildings, where hundreds of tourists and school children were shown by the guides around the various rooms.

All enjoyed the evening meal at the Westgate Restaurant in the Shopping Centre and then home via Highway No. 2.

The morning drive was by way of Actinolite with a good view of Silver Lake and a coffee break at Perth. On the homeward trip a stop was made at the Highlander Restaurant near Napanee.

Soon after leaving Napanee on the last stretch of the journey, a terrific electric storm with a downpour of rain came along; however the bus load of folk sang their way home with all the old favourites.

The second bus trip is scheduled for Saturday, May 30 with Mrs. Raymond McConnell in charge.

Practice Safe
Holiday Driving

The summer holiday season is now upon us. This year, it is expected that there will be more vehicles on the highways than any other previous year. Most of these vehicles will be holidaymakers, going to and from their summer cottages, going camping, or just out for a drive. Complete this with the everyday traffic, we are used to and you can see that it will have a big effect on all drivers on our highways this summer. In order to try and help prevent any driver from becoming a statistic, some good safety tips would be helpful.

(1) Before embarking on a trip or going for a "Sunday Drive" make sure your car is in good condition. Check the tires, brakes, steering, lights, etc.

(2) When travelling in country areas, be especially alert for wandering animals and slow moving vehicles. In cities and towns be alert for children playing near the road.

(3) When travelling on any road, make sure your speed is not too fast in comparison with the amount of traffic present, conditions of the road and the prevailing weather conditions. If on a long trip take rest.

George Hees Wants Producer Control

Hon. George Hees, MP for Prince Edward - Hastings, believes that the producers of farm products are best fitted to direct marketing and pricing policies relating to their products. In a recent House of Commons debate, Mr. Hees supported this belief with the following statement: "As we all know, Bill C-197 will establish a National Farm Products Marketing Council and national marketing agencies for farm products. We of the official opposition are in favour of the principle of establishing those bodies, because it has been found through practice that they are needed to stabilize the marketing and prices of farm products, particularly when these farm products are sold interprovincially and in export markets. Having said that, I state emphatically that what the members of the official opposition object to very strenuously is the government's proposal completely to take over the control of the pricing and marketing of these products by appointing all

of the directors to this council and making the appointments to the agencies. We believe, and believe very firmly, as does the hon. member for Fraser Valley East, that the producers of farm products are best fitted to direct marketing and pricing policies relating to the products that they produce. They are the ones who should be directors of the council and appointed to these marketing agencies.

"We of the official opposition are convinced that the farmers want more orderly marketing and pricing of their products so they can receive a better return for the financial outlay that they make every year, and for the very considerable effort that they put into their farming operations. But they do not want state control of these operations. They want to protect their freedom to direct these operations by being represented by producers of their products on the boards of the council and the marketing agencies.

NO APPOINTMENTS

"That is the reason we oppose the government's proposal to appoint all the directors to the council and the agencies. Everybody in this House knows perfectly well that when the government appoints these members from the chairman down to this council and these agencies, the chairman and members will become puppets of this government. They will be paid by the government and they will snap to attention when the government cracks the whip. They will do exactly what the government wishes. The minister knows this. This is dictatorial legislation of a kind which we do not intend to pass in this House. We intend to fight it right down the line.

"The hon. member for Fraser Valley East said there were a few little

changes which ought to be made. There are fundamental changes in the legislation which we demand be made and which the farmers demand be made so that dictatorial legislation is not passed in this House. This is the reason I have taken a few minutes to speak in this debate. With the members of my party, I strongly urge that this government appoint the chairman and members of the council and agencies from the ranks of the producers of the products concerned so that this can be useful, good, practical legislation that will be for the benefit of the producers of the products concerned."

Percy Denike Walker, 41 years of age, of Belleville R.R. 6, was fatally injured late Saturday afternoon when the truck he was driving veered across Highway 14, four miles north of Stirling, and crashed into a ditch. Cause of the accident was not immediately known. Police said the three-ton stake truck was loaded with a tractor which may have shifted, throwing the vehicle out of control.

The tractor was smashed in three pieces, say police.

Mr. Walker, father of seven children, was thrown from the vehicle and was dead on arrival at Belleville General Hospital.

Glen Ross Elaines Softball Team Chalk Up Three More Wins

(by Mike Finnigan)

Glen Ross Elaines didn't leave the rest of the league much of a chance to catch up. They continued their winning ways in the Sidney-Thurlow Softball League last week by winning three in a row.

Won Over Crookston 2-1

Last Tuesday night they tripped up a determined Crookston team 2-1. Once again led by the hitting of Ted Dobson and the pitching of Rob Cooke they were able to hold off any serious threats. Dobson had two hits with singles going to Gord Spencer, Les Pyear, Barry Pyear, Faulkner, Shorey and Dafeo.

Greg Dafeo called a fine game behind the plate and also showed a strong throwing arm when called upon.

Elaines 0 0 2 0 0 0 — 2
Crookston 0 0 0 0 1 0 — 1
Batteries — Cooke and Dafeo; Barnard and Moore.

Defeat Holloway 3-1

Thursday night Glen Ross Elaines met Holloway in a closely contested ballgame. Greg Dafeo found the hitting range as he delivered a triple and a single. "Coco" Cooke, who had been in a terrible hitting slump, broke out with a key run, scoring a triple in the bottom of the sixth to add the insurance run they needed. They defeated Holloway 3-1 as a result of some timely hitting.

Once again their pitching made it tough for opposing batters as the battery of Spencer and Dafeo stymied any trouble. Inning after inning Spencer overpowered the batters in a striking fashion.

Elaines 1 0 0 1 0 1 0 — 3
Holloway 0 1 0 0 0 0 — 1
Batteries — Spencer and Dafeo.

Festival Meeting

(Luella Bronson — Public Relations)
The general and annual meeting of the Stirling Festival of Sacred Praise was held Monday evening at St. Paul's United Church with 15 present.

The opening Prayer was given by Rev. Bruce Small.

Mrs. Carl Potter conducted the business which included reports from Mrs. T. W. Spear, Festival Secretary — Mrs. Stuart McArthur, General Secretary and Treasurer — Mrs. Max Maguire who gave a most complete financial report in every capacity; leaving an encouraging balance to begin another festival. Only through the generosity of the people of the area has this been made so successful.

The revising of classes, was dealt with, but will continue at the next meeting. Mrs. Spears, of Trenton invited members and their husbands, to their cottage and the meeting will begin with a Pot Luck supper.

Recommendations were — church choirs, take more interest in the work, as there are a number of classes that may be entered.

This year there were 23 children in one class; recommendations be that these be divided into grades and age groups.

That choirs of churches and schools have two adjudicators, as this year 45 choirs were adjudicated, and is to heavy an undertaking for one judge — in order to give proper time of interest to each choir's adjudicating.

The question of obtaining proper music for this type of festival was explained by Mrs. Bruce Glendinning and Mrs. A. Reilly — who are the music directors.

At the close of the meeting, Rev. Bruce Small and Rev. Michael Caswell served a cup of tea.

Douglas Faulkner Speaks To Rotary Club of "Adventure In Citizenship"

Doug Faulkner, of town, son of Mr. and Mrs. Maurice Faulkner, was the speaker at last Tuesday's Rotary Club meeting.

Doug represented the Stirling Rotary Club this spring in Ottawa at the annual "Adventure in Citizenship" sponsored by the Rotary Club of Ottawa.

He described the various sessions held and told of visits to the National Art Gallery, National Art Centre, Carleton University, Rideau Hall, Supreme Court of Canada and a tour of the city sponsored by the National Capital Commission.

Doug stated that until his visit to Ottawa, along with 275 other students, he did not realize how important Ottawa is to the unity of Canada.

He remarked that now he knows what it means to be a Canadian.

He thanked the members of Stirling Rotary Club for the opportunity to attend "Adventure in Citizenship" and given the chance to meet the men who run our government.

17th Annual
Mr. and Mrs.
Bowling Tournament

The five-pin Mr. and Mrs. Bowling Tournament is open to all bowling houses in "K" Zone who are members of the Bowling Proprietors Association of Ontario. This year the Stirling Bowl-O-Drome was the host. The last time Stirling was host was ten years ago in 1960. Each alley house holds its own tournament to declare its winners for this event; the number of couples being declared eligible depends on the size of the house in which the tournament is held.

Stirling was host to 12 couples on Sunday, May 31st — Belleville Bowl-O-Drome, 2 couples; Kingston Bowl-O-Drome, 2 couples; D & A Bowl, Trenton, 2 couples; Trent Valley Lanes, Campbellford, 2 couples; Tweed Bowl-A-Way, 1 couple; Para-dice Lanes, Brighton, 1 couple; Lucky Strike Lanes, Deseronto, 1 couple and Stirling Bowl-O-Drome, 1 couple.

This is a handicap event with handicaps based on the combined averages of each couple at the end of the current season. Each couple gets 3 of the difference of this combined average and a scratch point of 480 per game. Maximum handicap per couple per game is 125. Stirling's House qualifying rounds were held on Saturday night, May 2, and Sunday night, May 3, and Sunday afternoon, May 10th. A bowler could bowl as often as he wished, but only once with the same partner. This qualifying round was won by a mother and son team of Verna and Bruce Woodbeck, who represented Stirling of Mr. and Mrs. H. Mumby.

in the finals. Winners in Stirling on Sunday, May 31st were:

1. Mr. and Mrs. Champs engraved trophies, donated by Stirling Bowl-O-Drome — Isabel Galbraith and 111 Lowe, Trenton.

2. Joan and Walter Butler, Kingston, 2nd place trophies donated by Lucky Strike Lanes, Deseronto.

3. Pheme and Gerald Wood, Kingston, 3rd place trophies donated by Trent Valley Lanes, Campbellford.

4. Dorothy and Clarence Dico, Brighton, Bed Tray and L.P. Record from host Stirling Bowl-O-Drome.

5. Verna and Bruce Woodbeck, salad set and serving tray from Stirling Bowl-O-Drome.

6. Mary and Claybourne Tompkins, Deseronto, bar-b-que cover and flashlight from Stirling Bowl-O-Drome.

To bring a very enjoyable afternoon and season to a close hosts Ray and Ivy Poste served coffee and doughnuts to the bowlers and score keepers.

Should we make it a park
or a parking lot?

In Ontario, we still have a choice. Unplanned expansion in our province could lead to an unpleasant way of life. Our large cities could become plagued with runaway pollution or parking lots instead of parks for our children to play in. And Ontario's less developed areas could develop in all the wrong ways.

For Ontario, that kind of future simply isn't good enough. That's why we're already involved in programs of regional government and conservation.

Pioneer Village, near Toronto, is one of more than 150 conservation areas in Ontario. To date, provincial and municipal spending on conservation has totalled almost \$150 million. The result: more than 35,000 acres of unspoiled land safeguarded for our children.

Conservation

During 1969, the province invested more than \$7 million in 38 Conservation Authorities to help make sure your children can tell a tree from a telephone pole. As further life insurance, Authorities have acquired and protected almost 82,000 acres of forest and helped plant more than a million young trees.

Regional Government

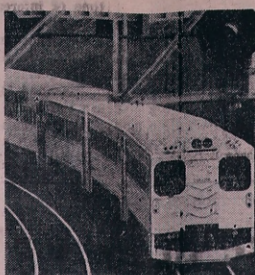

A new system of regional government is being studied and implemented in many parts of Ontario. Under this new system, regions combining urban and

rural areas can be co-ordinated to encourage more equitable growth and development throughout the province. With these larger pools of talent and money working on our future, we have a better than ever chance to guarantee the best possible environment for all our people.

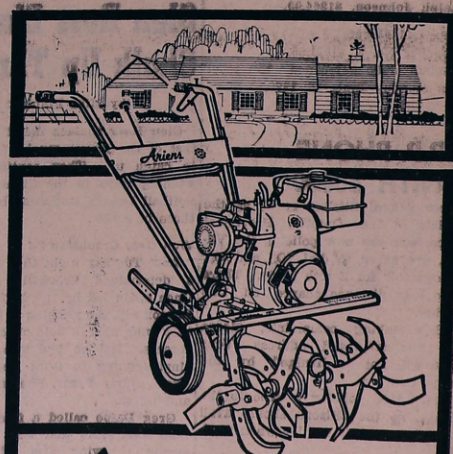

Regional Government and planning can help us build a better future. But to do that, we need a strong economy to support our good intentions. One way to help: when price and quality compare, shop Canadian.

The efficiencies of the new regional school boards will mean the best possible education for your child no matter what size your community is. These are benefits of regional programs already in evidence.

An efficient, affordable and integrated transportation system is just one of the factors to be considered in long range regional planning. Other factors being studied to give everyone a fair share in Ontario's future range from taxes to sewage systems.

Kingston Presbyterial W.M.S. Hold Spring Rally

The Kingston Presbyterial W.M.S. held their annual spring rally at St. John's Presbyterial Church, Pittsburg, on May 20.

The theme was "How the Word gets Around" and "Communicating the Gospel". The call to worship was given by Mrs. G. H. Lyone, of Kingston, the president. Mrs. McLean of Pittsburg, welcomed the ladies to the church. Reports of the recent Synodical held at Guelph were given by the delegates, Mrs. S. Gentle, Mrs. H. Thompson, Mrs. G. R. Williamson and Mrs. Kay Hood. Mrs. J. Broatch of Trenton, advised us of the various books she had for sale.

Mrs. H. Gentle, treasurer, gave her report advising us of the amounts different societies had paid.

A bountiful dinner was served by the ladies of St. John's. This was very much appreciated.

The afternoon session began with the Roll Call of the various societies showing an attendance of approximately 100. A duet was sung by Mrs. Bullock and Mrs. Irwin.

The highlight of the meeting was the guest speaker, Mrs. John McFarlane, President of the Toronto-Kingston Synodical, who was introduced by Mrs. Lyons. She said in her remarks that we would take a map as a guide if we were going on a long trip, and so as we go along the highway of life, we need a guide or pattern and we should make that Guide God. She took as her theme "Take heed. Watch and Pray". We must make our religion real and genuine

and a live religion. We should watch our words and think what we say; We must Act; action is louder than words; We should have pure thoughts and a thing we don't talk about much now is our conscience. We must listen to that before we speak and act; We have to form good habits. These are far harder to form than bad ones. Pray — We should pray to God any time, anywhere and be sincere and have faith in Him to answer them. We should learn to carry everything to God in prayer. We should ask God to "Use even me". She warned us that whenever we talk of making changes to attract

young people, we must be an example ourselves and not overlook the fact that any change must be for the betterment of individuals and not a change in the wrong direction.

Mrs. Kay Hood of Deseronto gave her report of a Children's Rally held in Kingston. The executive was invited to Roslin for the Fall executive meeting.

Mrs. V. Wier closed the meeting with a worship service.

Refrigerators

A Cool Road

To Progress

Many a housewife of 50 years ago

must have wondered what a monster-

like refrigerator of the day was doing

in her kitchen.

They were noisy, smelly, none too

efficient contrivances that well could

have been regarded as much a lia-

bility as an asset.

Today, refrigerators are almost a

forgotten servant — some of them

don't even require chipping ice or

handling dripping water trays. In-

side of them it's frost-free world.

Vintage units used sulphur-dioxide

— today's pollution bogie — as a

coolant. One story is told of a New

York woman of 1920 who smelled gas

and called the police. Some of the

city's finest arrived, sniffed around

her new refrigerator and, on the

theory that it might blow up, promp-

tly tossed it out of the second storey

window.

Another householder purchased a \$1,500 model only to find that it shook the whole house. A reinforced steel platform was fashioned for the offending appliance and while it still shook, it was less noticeable.

Just before the stock market crash of 29 all-steel cabinets had replaced earlier plywood types. New insulating materials were also being introduced and refrigerator efficiency was climbing.

During the next decade, engineers developed Freon cooling, improved the compressors, freezing compartments and paint finishes.

Tomorrow promises even better refrigerator models.

Taking a leaf from the automotive

book, engineers are using thermo-

electric modules or bi-metal strips.

In a car, the bi-metal strip on an

engine is actuated by heat and sends

out a tiny electric current to operate

a temperature gauge.

The refrigeration engineers have

reversed the process and are sending

the electricity through the bi-metal

strip. Sent in one direction, it cools;

in the other, it heats. Several of

these strips make up a thermo-electric

module.

This will allow refrigerators to be

placed like cupboards anywhere in

the house an owner might like one.

In fact, by reversing the electrical

current, the refrigerator of tomorrow

could heat the home and cook the

food as well.

Refrigerators have moved from

monster to fairy princess in less than

a lifetime.

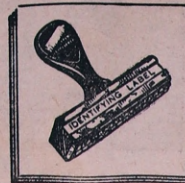

Scant Decline

For Mortgages

There is little prospect that prime conventional residential mortgage rates will slip much below 10.5 per cent (10.25 to 11 per cent commercial) for a while at least. That Beatrice Riddell writes in The Financial Post is the outlook now despite growing borrower resistance, slowing real estate sales and dried-up demand from builders for apartment loans. Best home buyers can probably hope for is 0.5 of a percentage point decline by fall.

If there is so much hate in this world, how do we account for the population explosion?

The red fox normally ranges within a ten mile radius of its den.

St. Paul's UCW General Meeting

Luella Bronson — reports
 "Give Service With What We Have" was the message presented at the U.C.W. General meeting held at St. Paul's United Church on Tuesday evening with 35 present.
 Mrs. Basil St. Pierre of Unit 2 welcomed all at the door.
 Mrs. Allan Wells opened the meeting with the reading of "Litany of fears and hopes."

A dedication of respect was given by the president for Mrs. Cora Eggleton who had done so much toward Christian progress.

The worship period was presented on Hymn singing, followed with a reading, "Was this you?" by Mrs. Roy Tucker, and a duet by Mrs. Glen Brooks and Mrs. Bert Jones, accompanied by Mrs. Harold West at the piano.

The collection was also gathered by Unit 2 and received with Hymn singing. Mrs. William McMullen gave the minutes, these were approved and signed by the President.

Mrs. Lulu Harlow as always gave a full financial report, stating a balance of \$681.28.

Mrs. Harry Waite gave a list of memorials given out this month. Also read several "Thank you" cards.

Mrs. James Boughen and Mrs. Maurice Clancy are planning to attend Quin-mo-Lac Camp, representing the U.C.W. which will be in September.

Penny Hicks, Pamela Lakeman and Judy Merrill will attend a camping holiday at the same place.

In the absence of Clothing Convention, Mrs. H. Donnan, the president reported a bale of 780 lbs of clothing was forwarded to Toronto, taken by Lafferty-Smith of Belleville, of which a letter of thanks will be sent to them for this thoughtfulness.

Other items of business dealt with were, weddings, A.O.T.S., Observer, Platform for entertainments and the fall Bazaar was outlined by Mrs. J. L. Good.

Mrs. Robert Hearn and Mrs. Joseph Grills, of Carmel brought the evening message, based on the life of China, people, showing pictures and discussing their way of living in comparison to ours, which brought before us the leading of the topic, "Give Service With What You Have".

Questions and answers were given in relation with our living ways, as, Do the young respect the older? — Do the mature people show respect and appreciation to the younger? — Do we give time to the most useful and rewarding things in our everyday

life? — How does the person, who to us seems backward, be brought within our church of friendliness? — Do we give enough study to the everyday news — so that we can converse with others, with our ability of knowledge, in the world's affairs today?

This topic was based on a reconciliation of almost every question that would be asked in to-days problems towards education.

With the repeating of this verse this splendid topic and discussion closed the programme.

All things bright and beautiful
 All creatures, great and small
 All things wise and wonderful
 The Lord God made them all.
 The president closed the meeting with prayer of thankfulness.

The Faith Unit served lunch. After which Mrs. L. Bronson thanked all who in their way contributed toward the evening's programme and refreshments.

Arsenic Levels In Moira Watershed

Significant background levels of arsenic occurring naturally in ground waters have been noted for many years in the Moira River Watershed. In addition to this background arsenic, there has been concern over the escape of arsenic from the premises of the Deloro Smelting and Refining Company situated on the river above No. 7 Highway.

For several years the Hastings and Prince Edward Counties Health Unit, the Ontario Department of Health and the Ontario Water Resources Commission have monitored arsenic levels in the Moira River Watershed and have worked with the Company to bring about a containment of the arsenic from that source. With the installation of treatment facilities at Deloro in 1966, the arsenic levels in the watershed did not exceed the drinking water quality guidelines established by the Ontario Department of Health for human consumption.

Early this year, however, in the light of new knowledge, the Department of Health reviewed the former guidelines for arsenic in drinking water and established new and more stringent criteria.

When these new guidelines are applied to the 1969 monitoring results, the need for both an increased level of surveillance and a still greater effort to contain the arsenic from Deloro is evident.

Although the Deloro Smelting and Refining Company decided to shut down all operations in 1961, they undertook additional work in late 1969 to intercept flows of contaminated ground water on their property and re-direct it to treatment works. This programme is being continued this year with the object of isolating and eliminating additional sources of contamination. A stepped-up monitoring schedule has also been initiated to measure the success of the programme.

As noted above, the Company has

been working closely with the Ontario Water Resources Commission in devising means of treating and removing the arsenic from the leachate of the material stockpiled on their premises. Although the general arsenic levels in the upper Moira River have been declining over recent years the decline has not been rapid enough.

At present there is no cause for alarm. However, because of the natural occurrence of arsenic in the area, new wells or other sources of underground water supply should be checked for arsenic before being used as drinking water.

Surface water from the isolated section of the Moira River between Highway 7 and Moira Lake may exceed the new guidelines but it is understood that this water is not used for drinking water purposes to any extent.

The water from Moira Lake shows

a lower level of contamination and is considered acceptable for short term summer cottage use. Again, for more protracted use regular sampling should be instituted. The water in the watershed below the junction of the Skootamatta and the Moira Rivers is not a cause for concern, although it will continue to be subjected to regular protective surveillance.

Residents and visitors to the Moira River Watershed are encouraged to use the facilities of the Hastings and Prince Edward Counties Health Unit who will advise them on sampling procedures and the interpretation of results.

The arsenic content of fish in Moira Lake has been checked and consumption of this fish is not considered to present a hazard to health. The public will be kept informed of the progress made in reducing arsenic levels in the Watershed.

 From Ontario Department Agriculture & Food, Stirling

CORN — ANNUAL GRASS CONTROL

(William E. Hurst, P. Ag.)

Control of weeds is essential to the production of a high yielding corn crop. Atrazine could be considered as the backbone of our weed control program.

Over the years we have changed the weed population of our fields from broadleaf weeds and twitch grass to mainly annual grasses or in many cases, all annual grasses. These problem weeds, foxtail, barnyard grass, old witch grass and crabgrass germinate somewhat later in the season and they are somewhat resistant to Atrazine.

Atrazine and oil, when properly applied, has been quite satisfactory for many producers. Control of the annual grasses does, however, depend upon timing. The grasses should not have more than three leaves developed. Sometimes other farm work, large acreages, or wet weather may cause spraying delays which eventually results in poor control.

If this problem seems to constantly occur on your farm or crabgrass, a late germinator is abundant, then a change in program is required.

Many growers are acquainted with the Sural-Atrazine combination which is applied pre-plant and immediately incorporated for annual grass and

broadleaf weed control. Due to the residual effects of Sutan, late germinating crabgrass can be effectively controlled throughout the season. The mixture 2 lbs of active Sutan and 1 lb of active Atrazine must be applied to a dry surface. Otherwise, chemical losses will occur. When properly applied, effective weed control is obtained, even though dry weather may follow. If extensive acreage are to be done, co-operation between neighbours will be of great benefit. Some operators may wish to investigate the possibilities of attaching a spray boom to the front of their disks for easier application. Two passes of the disk should be made to properly incorporate Sutan. A vibrating cultivator (example - Triple K) can be used quite successfully in place of a disk.

A new chemical, Lasso, is available for the first time this year. A combination of 2 lbs. of active Lasso and 1 lb of active Atrazine has given effective annual and broadleaf weed control in various plots throughout Ontario. The mixture must be applied pre-emergence, that is, after the corn is planted but before it emerges through the ground. Injury will occur if Lasso is sprayed directly on the corn plant. Should we have dry weather for ten days following spray application, weed con-

trol will be poor. With adequate rainfall, 1.3 to 2.3 of an inch, annual grasses will be controlled for an 8 to 12 week period. It is possible that late germinating crabgrass in August will escape.

POINT OF VIEW ON CROSSBREEDING

(Bob, Murray)

Brighton, Beef Cattle Specialist
 Many sophisticated crossbreeding programs are impractical from the standpoint of the small cowman. However, crossbreeding gives such benefits to beef cows herd production that it cannot be dismissed. A simple organized plan must be devised so that cowmen can make maximum possible use of crossbreeding.

One simple plan of crossbreeding is the use of a different breed of bull every two years. For purposes of an example let us assume that a man has a herd of Hereford cows. He could breed all the cows to a second breed for two years. He could then breed all the cows to a third breed for two years. The breeds chosen to use for breeding depend to a large extent on the weak points of the cow herd (such as too little milk or too little size, etc.). This program would not give maximum benefits, however. There are two alternatives to this: 1. Buy crossbred replacement females. 2. Use artificial insemination. In the case of both alternatives, either added expense or inconvenience may be the deterrent. One thing for sure is that any farm of organized crossbreeding pays dividends to the cowman.

THE BIBLE TODAY

Wagjono is a young Indonesian evangelist who is already becoming widely known in Asia. In his testimony published in DECISION magazine, November, 1969, he describes as a young man he was impressed by the attitude of a Christian minister while he was on vacation from university. He goes on: "Under the pastor's loving guidance I came to a saving knowledge of Jesus Christ through studying the Bible, which I had already bought to collect material with which to attack the Christian students. Before long with a visit to my village I asked to be baptized..."

Eldorado Cheese Factory On Film

For the benefit of the milk, cheese and butter industry, it was decided a few years ago to promote the sale of dairy products through advertising.

As a result of this decision, small amounts were deducted from the cheques of milk producers who used fluid or industrial milk plants to market their products.

On May 5 these accumulated deductions were put to good use. A film was made at the Eldorado Cheese and Butter Co-Op plant and at the farms of George Robinson of Malone and the Chapman brothers of Cooper.

Mr. Ivan Sine is the cheesemaker at the Eldorado plant. Interviewing throughout the film was done by Robbie Robinson, editor of the Ontario Milk Producer. He was accompanied by Haynes Davies, Public Relations Supervisor of the Ontario Milk Marketing Board, and a Photographer from Riley Photographic Studios of Belleville.

When edited and distributed, the films will be shown throughout Canada, Great Britain and other countries where a market for dairy products could exist.

Glen Ross Elaines Winning Streak Reaches "Seven"

(by Mike Finnigan)

WIN CLOSE ONE OVER CENTENARY

Glen Ross Elaines had to reach deep down to extend their unbeaten streak to seven games last Tuesday night. Centenary hopes were cut short as Glen Ross tripped them up by a score of 7-6.

Centenary drew first blood when they jumped into a 5-2 lead at the end of three innings. They extended it to 6-3 after the completion of six innings.

G. Wilman provided most of the power for them as he drove in four runs with a grand slam homer. Cronkright added a solo shot in the fourth.

The top of the seventh and there it was, Glen Ross rose to the occasion. Rick Shorey kept everything alive when two were out, as he delivered a single. Dobson followed with a run scoring triple. He was advanced to home by the single of B. Pyear. Pete Utman punched out a timely triple and the old ball game was even 6-6. This brought up pitcher Gord Spencer who came into pitch after Rob Cooke was bombarded for five runs. Gord met the challenge as he whacked Gerry Grills for the tie breaking run, bringing in Pete Utman.

He preserved the close win as he pitched out of a tough jam in the last of the seventh, stranding runners on second and third.

"All Stars" and Halloway Play To 4-4 Tie

(by Mike Finnigan)

Last Saturday night was the scene of the annual "All Star" game held in Stirling. A squeeze bunt enabled Andy Faulkner, who earlier opened the game with a single, to score from third.

The 1-0 lead of Halloway held for five innings until they exploded for three runs in the top of the sixth as a result of a triple from the bat of Kennedy.

The "All Stars" came alive in the bottom of that inning with Rob Cooke delivering a timely hit, scoring two runs. They deadlocked the game a 4-4 tie but that's where their rally fell short. A disputed third call struck on Ken McGeechey could have turned the tide in favour of the "All Stars", but that remains to be seen.

Strong performances were turned in by Barry Dafeo, Gord Spencer hurled a three hitter for the three innings he pitched, Baker and Al Johnson were real assets to the "All Stars".

HAGGERTY — McINROY WEDDING

MR. AND MRS. JAMES HAGGERTY

Thomasburg United Church was the scene of the wedding on May 30 of Diane Marie McInroy, daughter of Mr. and Mrs. Donald McInroy of Moira and James Thomas Haggerty son of Mr. and Mrs. Barton Haggerty of West Huntingdon. Officiating at the ceremony was Rev. I. Munro. Organist was Mrs. Douglas Farrell and soloist Mrs. Gordon Foster.

The bride given in marriage by her father, wore a full-length empire style gown of silk organza over tulle and taffeta featuring a portrait neckline and short scalloped sleeves. The bodice was heavily applied with organza flowers and re-embroidered guipure lace which decorated the hemline in matching scallops. The back was highlighted by an applique and lace covered cathedral train. The three-tiered veil of silk illusion was attached to a cluster of lily of the valley and she carried a cascade bouquet of white carnations, lily of the valley and trailing ivy.

Maid of honor was Miss Lenni Workman attired in a misty mauve chiffon gown featuring an empire waist and trimmed with a band of imported Swiss embroidery as were

the short puffed sleeves. The U neckline and A-line skirt completed the gown. She wore a head band of feathered yellow carnations and carried a semi-cascade bouquet of yellow carnations.

Bridesmaids were Miss Shirley McInroy, sister of the bride, Miss Cheryl Haggerty sister of the bridegroom, and Miss Donna Preston, cousin of the bride. Each was dressed identically to the maid of honor.

The best man was Gary Thompson, West Huntingdon and ushers were Bill Roberts, Brampton, cousin of the bridegroom; Gary McCullough of Agincourt and Grant McMullen of Belleville, cousin of the bride.

For the reception held in the church hall, the bride's mother greeted the guests wearing a primrose yellow fortrel ensemble with white accessories and a corsage of white gladiolus.

The bridegroom's mother wore a blossom pink linen A-line dress with pink accessories and a corsage of white gladiolus.

For the wedding trip to Quebec and the eastern United States the bride chose a coral princess style crimplene dress with white accessories, a hair band of lily of the valley and coral sweetheart roses.

The couple will reside at West Huntingdon.

The president announced the convention in January in Belleville and the rally in Queensboro in September. She also read an invitation to Wellman's Institute "Come and Go Tea" in Wellman's former Church on the 17th of June from 2 — 4.

Mrs. Murney Johnston had charge of programme using as her theme "Contentment". Several readings were given. Mrs. Johnston read "Living Faith" and sang Hymn 394. Mrs. H. Wallace read several portions of scripture. A solo was rendered by Mrs. J. Pollock accompanied by Mrs. G. Clancy and was well received.

Mrs. Dracup had charge of the Study Book on China with several members taking part and explained fully the conditions of the country and its people ending in a prayer for the country and its people. The offering was received and dedicated. Mrs. Lorne Hagerman thanked all for the lovely program. Hymn 215 was sung followed by the Benediction. A tasty lunch was served by the hostess and her assistants.

St. Andrew's Presbyterian Women

On June 11, the ladies of St. Andrew's Presbyterian Church met at the church, first to serve dinner to a bus load of Senior Citizens from Toronto, later to hold their regular meeting.

The president, Mrs. D. Fargey chaired the meeting, beginning with prayer. There were 22 ladies in attendance.

The minutes and correspondence were read by the secretary, Mrs. K.

Tompkins. Mrs. J. Johnston reported on money sent to Presbyterian Miss G. Spry on the bake sale, also gave the financial report. It was approved to give money for bale and to Board of Managers. Mrs. J. Johnston gathered the offering, which Mrs. Fargey dedicated. A wedding dinner will be catered to in Sept.

Miss Gena Spry gave the devotional, first reading Romans 12, then giving a brief meditation on the Scripture. She emphasized the word service, the theme of the meeting, telling how Jesus was always serving others. We should all wish to live a life of service, serving others, which brings the reward of faith. God counts on you to faithfully serve. Miss Spry closed with a verse.

Mrs. Silas Boyce gave a paper, also emphasizing "Service", first by defining the word. She referred to Jesus 40 days alone, thinking and praying, and perhaps doing this thinking in quiet surroundings would leave us more able to commune with God. What greater satisfaction could we get than this? She compared the Church to a ship. The captain is at the head but it takes every man at his particular job to make things roll. former church. Mrs. Fargey thanked everyone for any help given during the day. Dainty refreshments were served by the lunch committee.

The Seiberling Voyageur 130 is a Bias-Belted tire. It has two bias plies of polyester cord for a smoother ride and a two-ply fiberglass belt around the circumference to keep the tread more stable. This construction, plus the use of special formula rubber, greatly increases the traction qualities of the tire, and can give you up to twice the mileage of a conventional tire. It's the tire for men on-the-move. Men like you. Let's talk a deal.

St. John's ACW

The A.C.W. of St. John's Anglican Church have held six regular meetings in 1970. The meetings have been held at the following homes: Mrs. Barlow, Mrs. Webber, Mrs. F. McGee and Mrs. Harry Cooke, as well as two at the Parish Hall. Our new president, Mrs. S. McArton has

most efficiently handled a growing volume of business.

A Junior Choir is being formed within the Sunday School and the A.C.W. is in the process of making choir gowns for the children. Mrs. E. Edwards has been the convenor in charge of the Social Service work in the canteen at Hastings Manor. Our group used to be on duty twice a month, however, since Mt. Pleasant U.C.W. volunteered their services, we attend every fourth Wednesday. Members have also been visiting patients at Edward St. Manor.

The Social Committee convened by Mrs. H. Parsonson, assisted by Mrs. Ted Barnard and Mrs. Glen Clarke have supervised catering to a Mascon dinner, the annual Pancake Tea, and four Agricultural luncheons. We have given our support this year to Camp Hyanto and the Stirling Festi-

val of Sacred Praise.

Six members, Mrs. McArton, Mrs. Murray, Mrs. McGee, Mrs. Green, Mrs. Noble and Mrs. Wilson attended the Diocesan Annual, April 28, at St. George's Cathedral, Kingston. Donations of new clothing were received for the Area Bale which was packed at St. Thomas, Belleville in May.

Our regular meetings will resume in September, with plans already made for a Bake Sale to be held in July. Watch for further announcements regarding our Fall activities in the planning stage.

We deeply regret the departure of Rev. Mr. Caswell, Mrs. Caswell and family, but are grateful for the privilege of having them in our parish. The best wishes of St. John's A.C.W. go with them to their new appointment at St. George's, Trenton.

Very impressive and thorough. Com-

regarding our installation and Com-

even exclaimed how proud he
would be to be a member in our
Branch.

Did you know Veteran Affairs
Minister, Mr. Duke was caught stand-

crowded city square while thousands
of singing patriots and the band
broke into The Dutch National An-

Let's Do It Again

Well Upper Canada Village was a delight for the forty-one who went. The weather was perfect and there was so much to see I guess we have to return some time to see the rest of it. Franklin Smith our driver did all in his power to make our tour a pleasant one. We went by 401 and returned by No. 2 highway taking in places of scenic interest on the way back. Our stop going at Gananoque for coffee and again for dinner at the same place were enjoyed by all.

Murn Stapley said "next trip I'll leave on my overalls."

Pres. Fred led us in a sing song from Gananoque and never stopped until he ran out of steam at Marsh Hill.

We are indebted to Stirling Legion for their contribution to our pleasure. More will be told them later. Remember to be at the Club Room on Thursday with your basket of food 11 a.m. This will be another nice romp that you will not want to miss.

Fly-In Breakfast Well Attended

The annual Fly-In Breakfast, sponsored by the Oak Hills Flying Club Sunday was a decided success.

Over thirty planes arrived from various flying clubs from across the province. Delicious breakfasts were served to close to 200 people, many of whom drove up from the Stirling area.

During the morning several members of the press were treated to an airplane ride around the Quinte area, courtesy of the Oak Hills Flying Club. The view from the air at this time of year is beautiful with the various contrasting shades. It is well worth your time to take a trip by plane over the Quinte area and members of the Oak Hills Flying Club are very accommodating and the cost is small.

St. John's Sunday School Barbecue

On Monday, June 14th the St. John's Sunday School Barbecue was held at the home of Mr. and Mrs. Jack Weatherell. There were games, races, a skipping contest for the girls and a couple of races for the mothers. Everyone had all the hot dogs they could eat, popples and a special treat was provided by Mr. Wm. Ashby.

On Sunday morning, June 21st the attendance plaque was awarded to the class with the best percentage attendance for the year. It was received by Denise and Peggy Morgan on behalf of Mrs. Bruce Murray's class with an attendance of 77.9 percent. A film was shown in the hall during the regular Sunday School hour. The children were dismissed for the summer holidays. Sunday school will resume September 13th.

Project Schoolhouse Successful

Early in June, parents of children attending Stirling Senior Public School were sent a letter describing "Project Schoolhouse," a program designed to raise funds in order to assist with the construction of a Junior High School in the commonwealth Caribbean State of St. Vincent. The chairman of this organization for the province of Ontario is Betty Kennedy, a noted radio and TV personality.

When the literature regarding "Project Schoolhouse" reached Stirling Senior Public School, Mrs. Dianne Bissell accepted responsibility for organizing the walkathon the students decided to hold.

At 8:00 a.m. on the morning of Saturday, June 13th, 78 students were registered for this event. Through a diligent house-to-house canvassing campaign, they had altogether received pledges for \$87.60 per mile, making a total of \$876.00 pledged for a 10-mile course. This course was laid out around the new Senior School track, down to the Campesford Road across the fourth concession to the Marmora Road, and back down to the school.

Seventy-six of the seventy-eight entered finished, earning over \$860. for the cause.

The first four students to finish and their times were:
Ken Jackett 1:38; Martin Aide, 1:39; Ricky Ray, 1:41; Judy Meeks, 1:43.

All of these four students ran and jogged the entire course.

The students are just about finished collecting the pledged money which will be sent to "Project Schoolhouse."

Thanks go out to the Ontario Provincial Police who patrolled for the safety of the walkers and to the many interested parents who patrolled the roads or set up water stands along the route. A special thanks to Isabelle Maguire for the chocolate bars she handed out during that last few miles.

If other schools work as hard for this cause as our junior citizens did, the kids of St. Vincent will have their school.

Elaines Suffer Consecutive Defeats

Glen Ross was finally stopped in their tracks as Crookston tripped them up by a score of 6-5 last Tuesday night. Elaines were trailing right from the start of the game. Crookston picked up some key runs when they needed them and held off a determined rally by Elaines.

Barry Pyear clouted a two run double for Elaines. The big blow of the game was a three run home run by a Crookston player. It would have been a triple at the most, but on the throw from the outfield the ball unfortunately caromed off a pole. Too many runners were left stranded on base and Elaines could not deliver the hit when it was needed. L. Barnard pitched the entire game for the win, while R. Cooke suffered the loss.

Thursday Night
Elaines travelled to Johnstown for their first encounter against them this season. A tired Gord Spencer gamely tried to hurl, but to no avail. Errors on Glen Ross part didn't help the cause. Johnstown exploded and led 6-0 at the end of five complete innings. A misjudged ball in the outfield accounted for three runs. Glen Ross didn't get to the opposing pitcher until the sixth. Then they gained some sort of respect as they fought back to make the score 6-3.

This was shortlived though because Johnstown added another run to make it 7-3 at the end of 6 1/2 innings. Bob Neal pinch hitting, hit a triple driving in a run, but the final score was 7-4 in favour of Johnstown. A two run homer was hit by B. Pyear. R. Cooke delivered a double down the right field line. Singles went to Faulkner, Spencer, Vennlyea and Utman.

Elaines Bounce Back
Saturday night, before a noisy crowd of spectators Glen Ross got back on their winning ways. They gave some revenge as they defeated Johnstown 5-4. Once again they were behind and were forced to come back strong. The hits started to come as Shorrey contributed with two hits, Faulkner Utman, B. Pyear with two, and R. Cooke delivering a double and single to the attack.

"Coco" Cooke once again as he has been doing lately delivered a key hit. This one scored the tie breaking run from second as McConnell scampered to score the final run. He allowed just one hit, and his control was unmatched. Lyle Faulkner must be congratulated for he has filled in adequately in the field. He has played third while Les Pyear has been injured.

He was an asset when moved to second and shortstop.

The next game is Thursday night in Hallway at 7:00.

KEEPING THE SABBATH

I feel the main point is that you keep one day in seven for the Lord. Exodus 31: 15 says "Six days may work be done; but in the seventh is the sabbath of rest, holy to the Lord."

People are no longer keeping the Sabbath a day unto the Lord but unto themselves. Some will rush off to church first thing Sunday morning to take away the guilt feeling and the rest of the day it is for themselves. Then there are others who never stop long enough to know it is a day set aside for the Lord.

It is a day of rest in the Lord. We are not just to run off to church and then go home and live as another day. It is a 24-hour day set aside for the Lord.

What do your children think the Sabbath is for? Water-skiing, sports, working around the house?

It is to be a complete day set aside for the Lord. I would suggest that you spend the day with the Lord and with His Word (Holy Bible). You should be found in the house of the Lord whenever there is a service and that will show your stand to

people around you.

How about Sunday Night, what do you do? Hebrews 10:25 says "Not forsaking the assembling of ourselves together as the manner of some is;"

Mr. Reilly outlined the fight against imports being waged by the B.S.W.U. on behalf of Canadian shoe workers. He made special note of the action programme being carried on by the Quinte District Labour Council.

Mr. Reilly mentioned to the mem-

bers to write and keep writing to their members of parliament and the Prime Minister, not once but every month until the government does something to curb or stop importing of footwear. He suggested that a simple answer to the problem would be an import quota on all footwear entering this country. Imports now represent fifty percent of all footwear sold in Canada and as a result many companies in Canada have gone out of business in recent years, with eleven companies folding up in May alone.

If shoe workers in the Quinte area lost their jobs, which is a possibility and if imports keep rising, it could be as many as 1000 workers, plus their dependants or about 5000 people on welfare rolls.

On closing President Roy Lake requested that 50 cents per member be donated to the International Boot and Shoe Workers Union in their fight against foreign shoe imports as the International Union is picking up the full cost of the Q.D.L.C. action on the problem of imports. This request was moved from the floor by Geo. Fleming and seconded by Barbara Brenton and carried unanimously.

Roy Lake announced that merchants in Stirling will be picketed as others will be on July 4th in the Quinte area who are selling imported shoes.

On June 20th and 21st Keith Lake will represent the Q.D.L.C. in Port Elgin on the problem of Pollution Control.

Proposals for a new contract that the executive recommended were read by Roy Lake. He announced they will be sent to the Company after the 25th of June when the government of Ontario announces the new minimum wage for Ontario. Some additions were made but the

proposals by the executive were ratified unanimously.

Lois Lake gave a written statement to the effect that she is resigning as recording secretary of Local 754. New secretary appointed is Pearl McGee, who has held numerous other positions on the executive through the years.

A letter was read in reply to Judy Lake's correspondence to the Prime Minister, signed by Henry Lawless, secretary.

Reports were given concerning grievances that reached top management. They were settled satisfactorily by both sides — Union and Company.

A thank you note was read from the Senior Citizens Club of Stirling, thanking the Union for the \$25.00 voted them last month, signed by its sole scribe.

Stirling W.I.

Stirling Women's Institute met at the home of Mrs. Harry Jones with 24 present. Three new members were welcomed, Mrs. Burley, Mrs. Grills and Mrs. Bronson.

The President, Mrs. Everett Cooke opened the meeting with the Ode, the Mary Stewart Collect and the Lord's Prayer. She welcomed Mrs. Rodgers and expressed the hope that Mrs. West would recover quickly from her illness.

Roll call was answered by a verse from an old school reader, causing both merriment and remembrance. Several gifts were provided for. An invitation to a tea at Wellman's Institute was accepted. Dishes were to be rented to River Valley and the old cupboards at the community hall to be advertised for sale.

Mrs. Reid had charge of the program and opened with the poem

"Who's Delinquent". Mrs. Foster read "Understanding." Mrs. Alex Tanner gave report of the District Annual held at Chatterton. Mrs. Ward reported on election of officers.

At the close of the meeting, Mrs. Jones, assisted by Mrs. Clancy and Mrs. Tanner, served a delicious lunch.

Ivanhoe W.I.

Ivanhoe W.I. held its regular meeting at the Ivanhoe Hall. Mrs. Tuinnan opened the meeting with Institute Ode and Mary Stewart Collect. Each member answered the roll call telling what they like and dislike about fall fairs. An invitation was read to attend the 65th anniversary of Wellman's Institute on June 17th. A trip was discussed to go by bus to Lang Village in September.

A few songs were sung out of our Institute song sheets with Molly Tanner at the piano. The collection and penny box was taken up.

The meeting was turned over to Mrs. John Ross, convenor for Agriculture. She gave the motto which was "We'd be better off financially if we would act our wages."

Mrs. MacFarlane introduced the guest speaker for the evening, Mr. John White, Resources Manager for the Moira River Conservation Authority and he showed us some wonderful slides on villages and people, after which anyone was free to ask him any questions. Mrs. J. Ross thanked Mr. White for his slides and question period and presented him with a gift. Mrs. Dan Cooke gave a reading and the meeting closed with Institute Carol and O Canada.

The hostess and her assistants served a dainty lunch and a social half hour was enjoyed.

YOUR INSURANCE PROBLEM-SOLVER

St. Paul's Faith Unit

Twenty-six members were present at the meeting of Faith Unit, St. Paul's U.C.W., at the church on Tuesday, June 16. The leader, Mrs. Bruce Stapley, opened with a quotation about "Life meaning growth into the image of Christ". She also read a poem called "My Hesitation", a humorous, though often true, explanation of poor attendance at meetings.

Business included a report that 780 lbs. of clothing had been sent to the Overseas Depot in Toronto. Next meeting will be in September, and in the meantime contribution envelopes may be placed on the Sunday offering plate. Everyone was asked to read the Poverty articles in the June "Observer", and be ready for a discussion. On Stewardship, Mrs. A. Bush gave the thought that a thing done starts untold results, like a stone thrown into a pool starts endless and ever widening ripples.

A worship service was conducted by Mrs. R. Bush, Mrs. E. Warren, and Mrs. S. Williams on the theme of "The Prayer of Faith", in which it was described as a two-way action, and the need was stressed to be

conscious of God's hearing presence and to wait for His guidance. "Go not before Him whatever betide".

Mrs. H. Harlow led in a Bible study on the subject of Faults and Fault Finding. Even Jesus who went about doing good was criticized, sometimes by His closest friends. It takes courage to brave it. The Salvation Army was cited as an example. Mrs. W. Fitchett sang verses of a song appropos of the subject. This was followed by a contest on Bible knowledge.

A social half-hour was then enjoyed and Mrs. Richardson thanked the hostesses and all who took part.

MY HESITATION

I have not time for the meeting today
I couldn't care less what they do or say,
I'm busy at home doing just as I please,
And when I grow weary I'll relax and have ease.

But what's that! My conscience, it won't let me rest,
I know I should be there with the rest.

But, Oh, I've listened to those hymns, psalms, and prayers,
And the readings so dull - Oh, I

simply don't care.
If you only knew how hard was my task!
With my aches and pains, just how could you ask?
Why bother me? - I have labored so long,
And I do get weary keeping up with the throng.

I dozed and I dreamt of the Church of my choice;
The organist played softly "O Come and Rejoice".

But the pews were all empty, nobody seated.
Rooms dark - I shivered - none of them heated.

I awoke with a start, and I glanced at the clock.
If I hurried I'd make it, and be one of the flock.
I prayed as I swiftly sped out of my gate,
"O God, I do thank You - I nearly was late."

Jr. Snooker Champs

YOUNG -- SARLES WEDDING

MR. AND MRS. WAYNE DALE YOUNG

A spring wedding took place on Saturday, May 30, 1970, at 11.30 a.m. at the home of the bride's parents Mr. and Mrs. Ivan Sarles, Stirling, R.R. No. 1, when Helen Elaine became the bride of Wayne Dale Young son of Mr. and Mrs. John Young, Bancroft Ontario. Rev. W. C. Cox officiated.

The pianist was Mr. Harold Sarles brother of the bride.
Given in marriage by her father

and mother, the bride wore a white, full length gown of peau-de-sole with a sheer overlay trimmed with daisies. It was accented with a train falling from the shoulders. Her headpiece was a single white rose with a double tiered veil. She carried a bouquet of white carnations with pink ribbons.

med with pink daisies. Her headpiece was four pink flowers. She carried a bouquet of white carnations with pink ribbons.

The flowergirl, Miss Judy Young, sister of the groom, wore a white peau-de-sole. Her headpiece was identical to the maid of honour. She carried a basket of white carnations with pink ribbons.

Mr. Murray Hawley, Bancroft, Ont., was groomsmen.

At the reception in the Sun Valley Motor Inn, the bride's mother received her guests wearing a navy blue linen dress with white accessories and a corsage of pink carnations. She was assisted by the groom's mother, who wore a pink coral coat and dress ensemble of arnel and viscose with white accessories and a corsage of white carnations.

For the wedding trip, the bride donned a black and white dress with white accessories.

The couple will reside in Scarborough, Ontario.

Prior to her marriage, Mrs. Wayne Young (nee Helen Sarles) was entertained at a miscellaneous shower held at the home of the groom's mother, Mrs. John Young, Bancroft; also a miscellaneous shower held at the home of her aunt, Mrs. Bert Wal-

lace, Glen Miller, with her aunt, Mrs. Jack Watson and sister-in-law Mrs. Ross Sarles as co-hostesses. She was also entertained at a linen shower held at the Minto Community Hall with Miss Cathy Wickens and Miss Betty Sine as hostesses.

If you think Ontario can solve its pollution problems without your help, you're not thinking.

Fortunately, for our future a lot's being done about pollution right now. But to wage and win the war against pollution, Ontario needs your help.

Who causes pollution anyway?

The unpleasant answer: we the people. People who buy the products that industries produce. People with cars and boats. People who fly. People who build cottages and heat homes. Even people who keep livestock. Pollution now is everyone's problem.

What's the government doing about pollution?

The Ontario government is doing things. Since the formation of the Ontario Water Resources Commission in 1957 and the passing of the first provincial air pollution act in 1958, Ontario has become known as a world leader in the battle against pollution.

Industrial Pollution. It's a crime.

Stiff legislation is in force that makes pollution a crime in Ontario. It controls what our factories can put into the air and water and what they can't. These laws are being enforced and polluters are being fined. In addition Government engineers and pollution control experts are assisting industries in the planning, design and installation of pollution control equipment.

War in the air

Ontario has a task force at work clearing the air. The government has

created an Air Management Branch with a highly trained staff of over 200 specialists and a multi-million dollar budget. With this kind of power directed at the air pollution problem, we can all breathe a little easier.

War on water

The war on water pollution is being waged and won. The Ontario Water Resources Commission works with communities throughout the province to plan and construct water supply and sewage systems. To date, more than a billion dollars have been spent on such projects making Ontario's sewage treatment facilities the best in Canada.

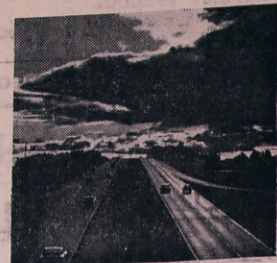

What can you do about pollution?

You can get concerned and stay concerned. You can make sure your boat, your cottage, your car or your plant isn't adding to the problem. You can tell your children and yourself that air is not an ashtray, rivers and lakes are not free sewers, and soil is not dirt.

You can be prepared to invest in a clean, healthy province for our children. To do that we need a healthy economy to support our good intentions. One way you can help—when price and quality compare, shop Canadian.

Pictured above is one of Ontario's 250 air monitoring stations. Some of these stations, equipped with the world's most advanced instrumentation, check air quality and weather data which is then telemetered directly to a central office for immediate assessment and action.

In Ontario, we're steadily beating the car in the battle for breath. Strict emission control regulations (the first of their kind in Canada) were introduced in 1968 and strengthened in 1969. The result: 1970 model cars contribute 70% less to air pollution than did pre-1969 models.

Canada's life style of tomorrow presents many challenges. But it's Ontario's style to meet these challenges today.
